

LF70

BOART LONGYEAR

The LF70, designed for remote and confined locations, comprises seven sections that are heliportable, enabling access to hard-to-reach areas. This drill minimises downtime during site mobilisations and significantly reduces the environmental impact at drilling sites.

MAST & FEED	▪ Maximum Feed Force: 58kN	
	▪ Stroke: 2m	▪ Maximum Rod Pull: 6m
DIMENSIONS & WEIGHT	▪ Weight: 5,656kg	▪ Base Length: 3.3m
	▪ Mast Height (Up): 10.03m	▪ Base Width: 1.48
DRILLING CAPACITY	▪ NQ: 895m	
	▪ HQ: 542m	▪ PQ: 357m
KEY SYSTEMS	FMC W11 Water Pump	
SAFETY & FEATURES	▪ Skid or Heli-Portable Configuration	▪ Designed for Remote Exploration Programs
	▪ Compact Footprint	▪ Starlink Connectivity
